Actual results	According to article 19 (2.2) of the Rules of Procedure of the Assembly of Kosovo, the Presidency of the Assembly “<i>proposes the program of the work session of the Assembly for adoption in the plenary session</i>”. This responsibility applies to each session individually, as presented below. Article 51(1) of the Rules of Procedure specifies that “<i>1. The Assembly shall conduct its business in two sessions: 1.1. The spring session, starting on the third Monday of January and concluding in the end of July. 1.2 The autumn session, starting on the second Monday of September and concluding in the end of December. ...</i>”. During the grace implementation period of the reform step, the Assembly approved the Work Program of the Assembly of the Republic of Kosovo for the 2026 Spring Session - on April 27, 2026, during the tenth legislature.¹ The Work Program was prepared on the basis of the Government’s approved Legislative Program, the work plans of the parliamentary committees for the Spring Session 2026, the National Programme for the Implementation of the Stabilisation and Association Agreement (SAA), and the European Reform Agenda. This Work Program is the first to be approved by the Assembly, given that the previous Work Program for the autumn session (September–December 2025) could not be adopted due to the early parliamentary elections held in December 2025 as a result of inability of the Assembly to form the Government during that period. The forthcoming Work Program for the Autumn Session (September–December 2026) is expected to be adopted following the constitution of the eleventh legislature and the formation of the new Government, resulting from the early parliamentary elections held on 7 June 2026.
